PROFILE SUMMARY

Dedicated and enthusiastic Full Stack Developer with 6 months of internship experience at Besant Technologies. Proficient in front-end and back-end technologies including HTML5, CSS3, Bootstrap 5, JavaScript, React.js, Django, Python, and MySQL. Adept at building responsive web applications and eager to apply technical skills to contribute effectively to dynamic software development projects.

INTERNSHIP EXPERIENCE

Company Name: Besant Technologies

Dec 2024 – May 2025

Role: Fullstack Developer

TECHNICAL SKILLS

- **Backend :** Django, Python, MySQL
- **Frontend :** HTML5, CSS3, JavaScript
- **Frameworks :** Bootstrap, React JS

PROJECTS

1. Super Market Website (Using Django) | [LINK](#)

Developed an E-commerce web application named "Super Mart" using Django, MySQL, and modern web technologies including HTML, CSS, Bootstrap, JavaScript, and Python. The project enables efficient data collection, storage, and access through MySQL integration with Django. Key features include:

- **Admin Management:** Admins can sign up and log in to manage the platform.
- **Customer Management:** Add, list, and manage customers, including options to delete records.
- **Product Management:** Add, view, and manage multiple products with features to delete entries.
- **Order Management:** Create, view, and delete orders directly through intuitive tables.
- **Responsive Design:** Designed detailed and responsive webpages for an optimal user experience across devices.
- **GitHub Integration:** Pushed the project to GitHub for code review and collaboration.

2. Personal Portfolio Website (Using React JS) | [LINK](#)

- **Development:** Responsive single-page portfolio website showcasing personal details, projects, and technical skills.
- **Tech Stack:** React JS, HTML, CSS, Bootstrap, EmailJS
- **Features:** The site features dedicated sections for About Me, Projects, Skills, and Contact
- **Contact:** The contact form is integrated using EmailJS to enable direct email submissions.

Mini Projects:

Amazon Clone Website (Using React JS) | [LINK](#)

Calculator (Using Javascript, Css, Html) | [LINK](#)
